

API::APIValue::makeInt32

```
graph LR; A[API::APIValue::makeInt32] --> B[ScribbleCore::getIntType]
```

A diagram showing a call from the function `API::APIValue::makeInt32` to the function `ScribbleCore::getIntType`. The first function is in a grey box, and the second is in a white box, connected by a blue arrow.

ScribbleCore::getIntType
