

IntValue::applyOperator

```
graph LR; A[IntValue::applyOperator] --> B[IntValue::value]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'IntValue::applyOperator'. The right box is white and contains the text 'IntValue::value'. A dark blue arrow points from the right side of the gray box to the left side of the white box.

IntValue::value
