

ScribbleCore::Statement

```
graph BT; A[ScribbleCore::WhileStatement] --> B[ScribbleCore::Statement];
```

The diagram illustrates an inheritance relationship. A light gray box at the bottom is labeled 'ScribbleCore::WhileStatement'. A dark blue arrow points vertically upwards from the center of this box to the center of a white box at the top labeled 'ScribbleCore::Statement'. Both boxes have a black border.

ScribbleCore::WhileStatement
