

API::APIValue::getValue32

```
graph LR; A[API::APIValue::getValue32] --> B[IntToStringFunction::execute];
```

The diagram consists of two rectangular boxes. The box on the left is light gray with a black border and contains the text 'API::APIValue::getValue32'. The box on the right is white with a black border and contains the text 'IntToStringFunction' on the top line and '::execute' on the bottom line. A blue arrow points from the right side of the white box to the left side of the gray box.

IntToStringFunction  
::execute
